Newsletter

Dear Parents and Carers,

English

Our Gingerbread Man friend left us a little surprise in class, where he gave us ingredients to make our own gingerbread man cookies! We set to work on Wednesday baking the gingerbread men, we had so much fun and the children did an amazing job measuring, mixing and decorating their biscuits! Once we baked (and ate) the gingerbread men, we wrote clear instructions explaining in simple steps how to make gingerbread men.

Phonics

This week we have been revising all of the sounds we have learnt this term and revisiting sounds from previous terms.

Maths

In Maths this week, we made comparisons between containers and stated which held more/less/an equal amount of capacity. We also ordered pictures of cups showing an amount of liquid, from empty to full. We also used number lines, or the counting on technique to find number bonds to 20.

Science

This week in science we sorted objects into groups using sorting hoops. The children worked in groups of three to decide how they would sort their objects (hard/soft, waterproof/not waterproof, translucent/opaque, etc) and worked together to sort the objects correctly.

The children have worked so hard this term and deserve a good rest! Please continue to listen to your children read when you can. I will not send any spellings home over the half term break, but if your child wishes to practise their writing, they could keep a little diary of what they get up to ☺

We hope you have a lovely half term! Best wishes,
Mrs Mockler, Mrs Robinson, Mrs Millar and Miss Hall

Well done to our Year 1 Stars of the week,
Olivia and Sidney
Congratulations to our Bright Spark, Eve!
