Term 1 Week 6

English

This week in SPAG we looked at capital letters. This time we discussed when we need to use capital letters. For example, the beginning of a sentence, the name of a person, a place, name of the months of the year and days of the week.

In English this week we watched a bit more of the Lost and Found film. The children then pretended that they were the boy and wrote a letter to their family explaining what had happened so far. The children have been working really hard on their handwriting and are increasing their stamina with writing, which has really impressed us. We had a fun lesson on Friday, where we made our own little boats out of lolly sticks, we then wrote instructions on how to make a boat.

Maths

This week in Maths we have been looking at fact families, related facts and number bonds to 100.

If your child needs support with number bonds please try out the 'Hit the Button' game which you can find on the Top Marks website. There is such a range of activities starting from number bonds to ten and moving up to number bonds to 100.

$$\begin{array}{l} 13 + 7 = 20 \\ 7 + 13 = 20 \\ 20 - 13 = 7 \\ 20 - 7 = 13 \end{array}$$

Science

In Science this week we looked at the question, 'Do we need to exercise?'. First we discussed what exercise is and what we can do to exercise. Then, we looked at what happens to our bodies when we exercise. The children were able to say that we get red, sweat and our hearts beat faster. We then completed an investigation where we completed a range of activities for one minute and then measured our heart rates. We learnt that when we sit our heart rate stays low but when we run or do star jumps our bodies then start to go red, sweat and our heart rate increases.

RE

In RE, we thought about questions that Christians might like to ask God about the creation of the world. We also thought about rules that we could create to help everyone take care of the world. Finally, the children drew some beautiful pictures, showing what they loved most about the world.

Homework

- Please read daily and record it in your Reading Record Book.
- Please start to learn the two times tables (from 0x2 to 12x2). The children will be tested on these, next term onwards.
- Please learn the spellings (Uploaded to seesaw) to be tested next Thursday.

Dates

Last Day of Term - Friday 20th October
