Woodland Learning

We had a brilliant Woodland Learning session on Monday! The children were invited to create animal art using leaves- check out their work below. Some children chose to do independent activities like creating garden areas and acting out 'I'm a Celebrity, Get me Out of Here!'. We saw some terrific team work during the session and we were very proud of the class.

Some of the girls created a garden with crops and a café!

English

In English with Miss Courtney, we continued reading *The Iron Man*. The children wrote about what Hogarth's stupendous idea could be. Can they tell you what the word stupendous means? On Wednesday, they wrote the story ending. Next week, we will finish the book and the children can compare their ending to the final chapter written by Ted Hughes.

Maths

In Maths, we have been practising the 6- and 9-times tables. The children have re-capped multiplication and division facts for these times tables through games, songs and problem solving.

We have also been learning how to use our times tables skills, portioning method, long

$93 \times 5 =$
 The different methods to solve this is
 $\begin{array}{r} 93 \\ \times 5 \\ \hline 450 \\ + 15 \\ \hline 465 \end{array}$
 $\begin{array}{l} 93 \\ \swarrow \searrow \\ 90 \quad 3 \\ \downarrow \quad \downarrow \\ 450 \quad 15 \\ \hline 450 + 15 = 465 \end{array}$

column method and mental methods for multiplying two-digit numbers with a one-digit number.

We also discussed other efficient methods of multiplication.

We have invited Reverend Kelly to visit our class next week to be interviewed on our current topic in our RE lesson. The children were reminded the meaning and importance of the holy Trinity in Christianity. They completed a reading comprehension task on the Holy Trinity.
