

Year 6 news

Term 1, Week 6

A snapshot of our week
Stars: Harry W and Florrie
Bright Spark: Emilia

Art:

Here are some of the finished World War II skyline pictures that the children made:

Woodland Learning:

We had a great Woodland Learning session on Wednesday, with the Year 5 class. The children played a variety of games, some climbed trees, whilst others built a bridge in the stream.

Maths:

This week, we have continued to deepen the children's understanding and recall of the times tables. We have also been learning about factors, common factors, multiples and common multiples. In addition, we learnt about prime numbers.

English:

We have continued to read our class book, Letters from the Lighthouse. This week, the children wrote a prediction and a diary entry.

Art:

This week, the children learnt about Andy Warhol. They then produced an Andy Warhol-inspired piece of art. Some children still need to finish theirs and will be given time to do so next week.

Italian:

The children revised saying numbers to 1000. They then practised writing the numbers in words.

Computing:

The children are learning about 'Systems' this term.
